Material Changes to Procedure for Recommending Nominees by Security Holders

There have been no material changes to the procedures by which security holders may recommend nominees to the Board since our previous disclosure regarding this matter.

We currently have several standing committees of the Board of Directors, including the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. The current members of our Audit Committee are Messrs. Char, Seazholtz and Thomas. Each member of the Audit Committee is “independent” under the current listing standards of the American Stock Exchange and the SEC rules regarding audit committee memberships. Section 16(A) Beneficial Ownership Reporting Compliance

Under the federal securities laws, our directors and officers and any persons holding more than 10% of our common stock are required to report their ownership of our common stock and any changes in that ownership to the SEC. Specific due dates for these reports have been established, and we are required to report any failure to file by such dates. Char, Daly, Hernandez, Marwitz, Miner, Seazholtz, Slutzky, Thomas and Wright, were not filed within two business days of the grant date. Based solely on our review of copies of the reports on Forms 3, 4 and 5 received by us with respect to the fiscal year ended March 31, 2007 and the written representations received from the reporting persons that no other reports were required, except as indicated in the foregoing sentence, we believe that all directors, executive officers and persons who own more than 10% of our common stock have complied with the reporting requirements of Section 16(a) and have filed all reports required by such section.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General Compensation Policy

The guiding principle of our compensation policies is to align executive compensation with our company’s objectives and business strategies as well as with financial and operational performance. In keeping with this principle, the Compensation Committee seeks to:

- (1) Attract and retain qualified senior executives who can play a significant role in the achievement of our company goals;
- (2) Reward executives for strategic management and the long-term enhancement of stockholder value; and
- (3) Create a performance-oriented environment that rewards performance with respect to our financial and operational goals.

The Compensation Committee meets periodically to review and recommend for approval by the Board of Directors, the salaries, bonuses and benefit plans for our executive officers and key associates. Our management provides recommendations to the Compensation Committee with respect to most compensation matters, including executive compensation, and we utilize independent third party salary survey data as reference points. However, the final decisions regarding the compensation of our executive officers are made by the Compensation Committee. In measuring the executive officers’ contributions to the Company, the Compensation Committee considers a number of factors, including our revenue growth, net income and other financial performance measurements.

In the fiscal year ended March 31, 2007 ("Fiscal 2007"), the annual compensation for the named executive officers included base salaries, cash bonuses and stock option grants. In setting the total compensation payable to our named executive officers for Fiscal 2007, the Compensation Committee sought to make such compensation competitive with that provided by other companies with which we compete for executive talent while providing short and long-term incentives for the achievement of measurable corporate and individual performance objectives in keeping with the compensation principles described above. The primary components of our executive compensation program for the fiscal year ending March 31, 2008 ("Fiscal 2008") are expected to continue to consist of base salaries, cash incentive opportunities and long-term equity incentive opportunities in the form of stock options. In the future, such long-term equity opportunities may also include other types of equity instruments including, but not limited to, restricted stock or restricted stock units. Executives also participate in employee benefit programs available to the broader employee population.

Our compensation plans and the amount of each compensation element to pay our named executive officers are generally developed and determined on an individual, case-by-case basis utilizing a number of factors, including publicly available data from independent outside sources, including the American Electronics Association annual survey of executive compensation, our general business conditions and objectives, as well as our subjective determination with respect to the executive's individual contributions to such objectives. For our executive officers, the Compensation Committee has adopted a policy of setting total compensation at approximately the 75th to 100th percentile level of comparable companies in order to effectively recruit and retain key executives. The cash compensation, including the base salaries and bonuses, for Fiscal 2007 for our executive officers was established generally at the higher end of such percentile range, while the equity compensation generally was at the lower end of such range.

Elements of Compensation

Base Salary

We seek to provide our senior management with a base salary appropriate to their roles and responsibilities, and to provide them with a level of stability and certainty each year. We establish salaries for the named executive officers by considering the salaries of officers at comparably sized companies according to data obtained by the Compensation Committee from independent outside sources, including the American Electronics Association annual survey of executive compensation. Our Chief Executive Officer does not participate in the discussions regarding his own compensation but does provide input to the Compensation Committee regarding the compensation of other executive officers. We have generally established base salaries for our executive officers at the higher end of our target percentile range, with the exact base salaries for our executives based on the executive's qualifications and experience, scope of responsibilities, and the executive's past performance and future potential. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account such individual factors, including responsibilities, performance and experience. The Compensation Committee has reviewed the base salaries for Fiscal 2007 of each of the named executive officers and is of the opinion that such salaries are at a competitive level with the base salaries in effect for similarly situated officers and are not unreasonable in view of those paid by our competitors and by other companies of similar size.

In addition, as described below under the caption "Non-Qualified Deferred Compensation," we have a Deferred Compensation Savings Plan pursuant to which our executive officers may defer some or all of their salaries. No amounts were deferred by any executive officer in Fiscal 2007.

Incentive Cash Bonuses

The remaining cash component of the named executive officers' compensation for Fiscal 2007 was an annual cash bonus determined by the Compensation Committee based upon criteria established by the committee at the beginning of the fiscal year. For Fiscal 2007, the bonuses were primarily dependent upon corporate and business unit performance. 80% of the potential bonus for the Chief Executive Officer and the Chief Financial Officer was based on total revenue and operating income achieved for the year, and the remaining 20% of the potential bonus was based on the applicable officer's achievement of individual objectives that were qualitative in nature and were established by the Compensation Committee. The potential bonus for each of the other named executive officers, including Mr. Mohaddes who served as our Executive Vice President during almost all of Fiscal 2007, were based on revenue and operating income achieved by the business unit for which such officer had primary responsibility, as well as the operating income achieved by the Company.

For Fiscal 2008, the potential bonuses for our named executive officers have similarly been set based primarily on our overall corporate and business unit performance, with 80% of the potential bonus for Messrs. Mohaddes and Miele to be based on the total revenue and operating income achieved by the Company for the year, and 80% of the potential bonus for

each of Messrs. McKhann and Memole to be based on revenue and operating income achieved by the business unit for which such officer has primary responsibility, as well as the operating income achieved by the Company. The remaining 20% of the potential bonus for each named executive officer will be based on the officer's achievement of individual objectives.

The individual objectives in Fiscal 2007 for the Chief Executive Officer and the Chief Financial Officer were primarily focused on such officer's management of his area of responsibility. The objectives for Mr. Johnson, our Chief Executive Officer until March 2007, generally included enhancing the relationship of the Company with the financial community and increasing Company market value. The objectives for Mr. Miele principally included strategic development of the Company and increasing Company market value. For Fiscal 2008, the objectives for Messrs. Mohaddes and Miele were established by the Compensation Committee and included strategic development of the Company and Company market value enhancement. The Fiscal 2008 objectives for the other named executive officers were established by our Chief Executive Officer and primarily consisted of operational objectives within their business area of responsibility for each of Messrs. McKhann and Memole.

In Fiscal 2007, the target bonuses under the plan as a percent of the officer's base salary ranged from 30% to 55%, with the Chief Executive Officer's target bonus set at 55% of his base salary. The target bonuses for the other named executive officers were 20% to 45% of the applicable officer's base salary. For Fiscal 2008, the target bonuses were set at 35% to 46% of base salaries, with the Chief Executive Officer's target bonus set at 43% of his base salary and the target bonus for all other named executive officers set at 35% to 46% of the applicable officer's base salary. Revenue and operating income goals established for bonus purposes are generally higher than the goals established by the Company for the operation of the business in general, and may thus be difficult to attain without a high degree of effort. If the Company performance exceeds the targets set for bonus purposes, the executives can earn, in the aggregate, up to 150% of the target bonus award. Bonus achievement or overachievement is determined on a factor-by-factor basis.

Based upon the above described criteria, cash bonuses for the named executive officers in the following amounts were approved for Fiscal 2007: Mr. Mohaddes – \$66,487; Mr. Johnson – \$29,531; Mr. McKhann – \$80,285; Mr. Memole – \$2,585; and Mr. Miele – \$17,680.

Long-Term Equity Compensation

A portion of the compensation of executive officers has historically been based upon the award of stock options which rely on increases in the value of our securities. The award of options is intended to encourage executives to establish a meaningful, long-term ownership interest in the company consistent with the interests of our stockholders. Under our equity incentive plans, options are granted from time to time to certain officers and key associates of us and our subsidiaries at the fair market value of the shares of common stock at the time of grant. We do not have a formal policy as to the amount or timing of grants to executive officers. Because the compensation element of options is dependent on increases over time in the market value of such shares, stock options represent compensation that is tied to our long-term performance. The award of stock options to our executive officers is determined based upon individual performance, level of base salary and position with us.

In Fiscal 2007, we granted to our named executive officers stock options for the following number of shares: Mr. Mohaddes – 130,000 shares; Mr. McKhann – 30,000 shares; Mr. Memole – 30,000 shares; and Mr. Miele – 15,000 shares. The options granted to Mr. Mohaddes in Fiscal 2007 included an option for 100,000 shares granted to him in connection with his promotion as our Chief Executive Officer and President in March 2007. In the event that our stockholders approve the 2007 Omnibus Incentive Plan, Mr. Mohaddes will be granted a stock option for 200,000 additional shares of our common stock, pursuant to the offer letter relating to his March 2007 promotion. The options granted to our named executive officers generally have an exercise price equal to the fair market value on the date of grant, vest in equal annual installments over four years, and are not exercisable until vested.

Other Compensation

Our executive officers are eligible to receive the same benefits, including non-cash group life and health benefits, that are available to all employees. Certain additional benefits may be provided to our executives such as a car allowance, but each on a case-by-case basis.

Summary Compensation Table

The following table shows information regarding the compensation earned during Fiscal 2007 by our Chief Executive Officer, Chief Financial Officer and our two other executive officers who were employed by us as of March 31, 2007 and whose total compensation exceeded \$100,000 during that fiscal year, as well as information regarding the compensation earned during Fiscal 2007 by our former Chief Executive Officer and another former executive officer whose total compensation exceeded \$100,000 during Fiscal 2007. Employment Contracts; Termination of Employment and Change of Control Arrangements

On February 28, 2007, we entered into an offer letter agreement with Abbas Mohaddes in connection with his promotion as our Chief Executive Officer effective as of March 2007. The offer letter agreement provides for a base salary of \$350,000 per year, a potential bonus of \$150,000 for Fiscal 2008 and the grant of an option to purchase 100,000 shares of our common stock (the "New Option"). In addition, upon approval by our stockholders of the 2007 Omnibus Incentive Plan described in Proposal Three, Mr. Mohaddes will be entitled to a stock option to purchase an additional 200,000 shares of our common stock. Under the terms of the offer letter, in the event that his employment with us is terminated for any reason other than cause within three years of his promotion to Chief Executive Officer, Mr. Mohaddes will also be entitled to receive one year's severance, based on his then current base salary, as well as 50% of his then current on-target bonus amount. In the event of his death or disability, Mr. Mohaddes or his estate will be entitled to one year's acceleration on the vesting of the New Option. If a triggering event under the severance provisions of his agreement had occurred on the last business day of Fiscal 2007, then Mr. Mohaddes would have been entitled to a payment of approximately \$425,000, based on his current base salary and on-target bonus.

On March 1, 2007, we entered into a Separation Agreement and Release of Claims with Jack Johnson in connection with his resignation from all officer and director positions with us, although he remained employed by us until March 31, 2007 to assist with the transition in management. Under the terms of the agreement, we agreed to pay Mr. Johnson one year's compensation, based on his salary as of his resignation, payable in accordance with our regular payroll practices, together with certain healthcare benefits through March 31, 2008.

We do not currently have any employment contracts in effect with any of our named executive officers other than the agreements described above. We provide incentives such as salary, benefits and option grants to attract and retain executive officers and other key associates. The plan administrator of the 1997 Plan has the authority to provide for the accelerated vesting of outstanding options held by an individual, in connection with the termination of such individual's employment following an acquisition in which these options are assumed or the repurchase rights with respect to the unvested shares are assigned or upon certain hostile changes in control of the Company. Other than such accelerated vesting and the agreements described above, there is no agreement or policy which would entitle any executive officer to severance payments or any other compensation as a result of such officer's termination.

Grants of Plan-Based Awards

The following table sets forth certain information with respect to the options granted during Fiscal 2007 to our named executive officers, as well as bonuses that were potentially payable to such officers under our bonus plan. All options were granted under our 1997 Stock Incentive Plan and are incentive stock options, to the extent permissible under the Internal Revenue Code. The exercise price per share of each option granted to our named executive officers was equal to the fair market value of our common stock on the date of grant. Except as otherwise noted below, each option vests at the rate of 25% on each of the first four anniversaries of the grant date.

Pension Benefits

We do not have any qualified or non-qualified defined benefit plans.

Non-Qualified Deferred Compensation

During the year ended March 31, 2003, the Iteris Subsidiary adopted the Iteris, Inc. Deferred Compensation Savings Plan (the “Deferred Compensation Plan”). The plan was assumed by us in connection with the merger of the Iteris Subsidiary into us in October 2004. The Deferred Compensation Plan is a non-qualified voluntary deferral plan that, prior to 2005, permitted eligible executives to defer up to a total of 50% of their regular salary and 100% of their bonuses in exchange for phantom stock units representing the value of our common stock in any plan year, which begins on January 1 and ends on December 31 of each calendar year.

Prior to the merger of the Iteris Subsidiary into us in October 2004, the plan held shares of the Iteris Subsidiary’s common stock. In connection with the merger of the Iteris Subsidiary into us, shares of Iteris Subsidiary common stock held by the plan were exchanged for shares of our common stock. No deferrals have been credited to the Deferred Compensation Plan since January 1, 2005 (and no employer contributions have been permitted since the Plan’s inception).

A participant’s entire account balance becomes distributable in the form of our common stock upon the earlier of the participant’s death, disability or termination of employment. Distribution may be made in two substantially equal lump sum payments, monthly installments over five years, or monthly installments over ten years, as elected by the participant in his or her benefit agreement received upon commencement of participation. The plan also permits participants to receive payment while employed either (i) due to hardship or (ii) for any reason if the participant forfeits 12 months of earnings. Because all amounts in the Deferred Compensation Plan were both earned and vested prior to January 1, 2005, the plan is exempt from the application of section 409A of the Internal Revenue Code.

All deferrals to the Deferred Compensation Plan are considered part of our general assets. As general assets, they are subject to the claims of our creditors, and the participants are considered an unsecured creditor with respect to them. We have established a “rabbi trust” which holds our common stock that is used to make payments to participants. The purpose of the trust is to protect participants against a refusal to pay payments (for example, in the event of a change in control). The trust does not, however, protect the account balance in the event that we become insolvent or bankrupt.

At March 31, 2007, the Deferred Compensation Plan held 310,510 shares of our common stock and \$15,000 in cash. Changes in the value of our common stock held by the Deferred Compensation Plan are determined based on changes in the quoted market price of our common stock at the close of each reporting period and presented within operating expenses in the accompanying consolidated statements of operations.

The following table sets forth information with respect to the accounts of the named executive officers under the Deferred Compensation Plan.

Name	Executive Contributions in Last Fiscal Year(\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)(1)	Aggregate Withdrawals/ Distributions(\$)	Aggregate Balance at Last Fiscal Year End (\$)

Director Compensation

Directors who are not employees of Iteris or any of its subsidiaries receive an annual fee of \$12,000 per year, paid quarterly, in addition to \$1,500 for each Board meeting attended in person and \$250 for each telephone conference Board meeting. All directors are reimbursed for their out-of-pocket expenses incurred in attending meetings of our Board of Directors and its committees.

Non-employee directors were also eligible to receive periodic option grants pursuant to the Automatic Option Grant Program under our 1997 Stock Incentive Plan. Under this plan, each non-employee director received an option to purchase 20,000 shares of common stock upon his initial appointment to the Board of Directors and an additional option to purchase 5,000 shares of common stock on the date of each annual meeting after his appointment. The annual grants vest in equal annual installments over four years, but are immediately exercisable. Each option granted to non-employee directors under the Automatic Option Grant Program will have an exercise price equal to the fair market value of the common stock on the grant date and will have a maximum term of ten years, subject to earlier termination following the optionee's cessation of service as a Board member. If the stockholders approve the 2007 Omnibus Incentive Plan, non-employee directors would continue to receive the initial and annual option grants described above.

The following table sets forth a summary of the compensation earned or paid in Fiscal 2007 by each person who served as a director during such year, who is not a named executive officer.

Indemnification of Directors and Officers

Under Section 145 of the Delaware General Corporation Law, we can indemnify our directors and officers against liabilities they may incur in such capacities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). Our certificate of incorporation and bylaws provide that we will indemnify our directors and officers to the fullest extent permitted by law, and our bylaws require us to advance litigation expenses upon receipt of an undertaking by the director or officer to repay such advances if it is ultimately determined that the director or officer is not entitled to indemnification. The bylaws further provide that rights conferred under such bylaws do not exclude any other right such persons may have or acquire under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

Our certificate of incorporation provides that, pursuant to Delaware law, our directors shall not be liable for monetary damages for breach of the directors' fiduciary duty of care to us and our stockholders. This provision in the certificate of incorporation does not eliminate the duty of care, and in appropriate circumstances equitable remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for breach of the director's duty of loyalty to us or our stockholders, for acts or omissions not in good faith or involving intentional misconduct or knowing violations of law, for actions leading to improper personal benefit to the director, and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware law. The provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

We have entered into agreements to indemnify our directors and certain of our officers in addition to the indemnification provided for in the certificate of incorporation and bylaws. These agreements, among other things, indemnify our directors and certain of our officers for certain expenses (including attorneys' fees), judgments, fines and settlement amounts incurred by such person in any action or proceeding, including any action by or in the right of our company, on account of services as a director or officer of Iteris, or as a director or officer of any other company or enterprise to which the person provides services at our request.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Certain Transactions

Since April 1, 2006, other than the agreements and transactions described in “Item 11. Executive Compensation — Employment Contracts; Termination of Employment and Change of Control Arrangements” and the transactions described below, there has not been, nor is there any proposed transaction, where we (or any of our subsidiaries) were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

In May 2003, we entered into change in control agreement with Gregory Miner, who was then serving as our Chief Executive Officer and Chief Financial Officer. In the event of an involuntary termination of his employment within three months prior to or twenty-four months after a change in control, the agreements provided for a severance payment to him of 200% of his annual base pay plus target bonus for the current fiscal year. In addition, Mr. Miner and his dependents were entitled to all insurance benefits for up to twenty-four months or until he obtained new employment with comparable benefits, whichever was earlier. Upon the merger of the Iteris Subsidiary into us in October 2004, Jack Johnson assumed the role of President and Chief Executive Officer of Iteris, replacing Mr. Miner. The merger and subsequent change in position triggered the payment of severance to Mr. Miner under the terms of his agreement. The severance amount was paid to Mr. Miner in bi-weekly installments over 30 months, and the final payment was made in April 2007. The severance amounts paid to Mr. Miner in Fiscal 2007 totaled \$300,000.

On October 18, 2006, we entered into a Joint Development Agreement (the “Joint Development Agreement”) with Transportation Planning Group, Inc. d/b/a Crain and Associates of Southern California (“Crain”), a 20 person Southern California consulting firm focused on providing transportation planning services for private development projects. Abbas Mohaddes, our current Chief Executive Officer and President, had acquired all of the outstanding capital stock of Crain following the death of Crain’s founder and President, who was a close friend of Mr. Mohaddes. Under the terms of the Joint Development Agreement, we were to provide staffing support to Crain. Under the agreement, Crain was required to reimburse us at a rate of \$8,000 per month during the first six months of the agreement and \$4,000 per month for the last six months of the agreement, plus an additional \$80 per hour to the extent the hours provided exceeded target hour amounts. The agreement also provided for additional consideration to be paid to us in the event Crain was sold for gross proceeds in excess of \$1.0 million no later than five years after the termination of the agreement. We were also granted a right of first refusal to purchase Crain.

On May 30, 2007, we entered into a Termination Agreement with Crain and Mr. Mohaddes, pursuant to which the parties agreed to terminate the Joint Development Agreement. The termination of the Joint Development Agreement became effective upon the closing of the sale by Mr. Mohaddes of his interest in Crain to a third-party buyer, which occurred on May 31, 2007. In connection with such sale, we also waived our right of first refusal with respect to Mr. Mohaddes’ interest in Crain.

Pursuant to its written charter, the Audit Committee of the Board of Directors is responsible for reviewing and approving all related party transactions. The Audit Committee monitors and reviews potential conflict of interest situations involving a principal stockholder, a member of the Board of Directors or senior management..

Director Independence

The Board of Directors has determined that Messrs. Char, Daly, Seasholtz, Slutzky and Thomas each satisfies the requirements for “independence” under the listing standards of the American Stock Exchange.
